

VH1202 Section on Emergency Medicine Program: Day 2 Afternoon **Hot Topics in Pediatric Emergency Medicine**

Saturday, October 9
1:00PM – 5:00PM CDT

Hot topics in pediatric emergency medicine will be discussed, including gender considerations, using free open access medical education (FOAM) (blogs, podcasts, and online learning) to enrich practice and advance one's career, and what we learned during the COVID-19 pandemic about maximizing limited resources to enhance patient care and the medical system.
