

VH1221 Joint Program: Council on Children With Disabilities and Section on Developmental and Behavioral Pediatrics

Understanding Mental Health Disorders in Children With Neurodevelopmental Disabilities

Saturday, October 9

9:00AM – 11:00AM CDT

This program will focus on the importance of identifying co-occurring mental health disorders in children with intellectual disability, learning disability, and specific language impairments. The session will review the presentations of, type, frequency, and age of onset of mental health disorders in various populations.
