

VH1252 Council on Sports Medicine and Fitness Program

Professionalization of Youth Sports: Curbing a Crisis

Saturday, October 9

1:00PM – 4:00PM CDT

This program will focus on the emerging issue of young athletes entering the training and culture of professional sports, with youth sports organizations promoting the same. The Vito Perriello Jr, MD, FAAP, Lecture Series also will be presented as well as virtual research and clinical case poster sessions.
