

VH1254 Section on Oral Health Program

Saturday, October 9

1:00PM – 3:00PM CDT

The program will provide an overview of medical-dental collaboration and integration models. Faculty will discuss strengthening referral processes, co-locating services, employing dental hygienists in pediatric offices, and office- and home-based antimicrobial caries-prevention therapies. Participants will have an opportunity to ask questions and begin developing ideas to improve medical-dental integration and collaboration in their practices.

1:00PM **Welcome and Introductions**

Moderator: Karen Sokal-Gutierrez, MD, MPH, FAAP

1:05PM **Abstract Poster Review, Presentation, and Award**
