

## VH1255 Section on Osteopathic Pediatricians Program Osteopathic Approach in the Time of COVID-19

Saturday, October 9

1:00PM – 5:00PM CDT

This program will focus on how COVID-19 has changed pediatrics for osteopathic pediatricians. Sessions will include updates on COVID's impact on pediatric patients (mentally and physically), how to alter your practice during a pandemic, and osteopathic interventions via telehealth.
