

VH1306 Section on Surgery Program: Day 3 Morning Abstract Presentations

Sunday, October 10

10:00AM – 12:00PM CDT

The final day of the Section on Surgery will conclude with a scientific session of abstract presentations on contemporary clinical and basic science research.

10:00AM

Scientific Session IV – Non-Rosenkrantz Abstract Presentations

Moderators: Katherine Gonzalez, MD; Peter Mattei, MD, FAAP

10:00AM *Association of Fetal Left Ventricular Size with Congenital Diaphragmatic Hernia Outcomes*

10:08AM *Contemporary Rates and Surgical Site Infection Burden Associated with Non-Emergent General Pediatric Surgical Procedures: Implications for the Prioritization of Prevention Efforts and Comparative Effectiveness Research*

10:16AM *Validity and Inter-rater Reliability of Keyword-based Operative Report Review for Disease Severity Assessment in Pediatric Appendicitis: Results from a Multi-center Pediatric Research Consortium*

10:24AM *A Multi-Institutional Study Evaluating Pediatric Burn Injuries During the COVID-19 Pandemic*

10:32AM *Assessing the Management Strategies of Adolescent Patients with Breast Lesions*

10:40AM *Development and Utility of a Hospital-Level Comparative Performance Report Card for Surgical Prophylaxis Utilization in Non-Emergent Pediatric Surgery*

10:48AM *Outcomes of a Clinical Protocol for Benign Solid Breast Masses*

10:56AM *Pediatric Splenectomy for Traumatic Injuries: How Are We Doing?*

11:04AM *How Low Should We Go? Outcomes from ECMO in Neonates with Lower Gestational Age or Birth Weight*

11:12AM *Renal Failure Associated With Wilms Tumor Treatment In Wagr Patients – An Analysis Of The International Wagr Syndrome Association Registry(Iwsa)*

11:20AM *The Diagnostic Performance of the American Thyroid Association (ATA) and American College of Radiology Thyroid Imaging and Reporting Data System (ACR TI-RADS) Risk Stratification Systems for Thyroid Nodules in Pediatric Patients*

12:00PM

Adjourn
