

VH1308 Section on Allergy and Immunology Program

Updates on the Treatment of Pediatric Allergy/Immunology

Sunday, October 10

8:00AM – 12:00PM CDT

This program will include case presentations by pediatric residents and allergy/immunology fellows and the Jerome Glaser Distinguished Service Award. It also will provide updated information regarding asthma guidelines, contact dermatitis, primary immunodeficiency disorders, and allergic emergencies that can be applied to the practice of pediatrics.

Resident and Fellow-in-Training Registration Awards Supported by Reckitt Mead Johnson, Proud Supporter of the American Academy of Pediatrics
