

## VH1322 Section on Nicotine and Tobacco Prevention and Treatment Program New Diseases and Tobacco's Impact on Our Nation's Public Health

**Sunday, October 10**

**9:00AM – 11:00AM CDT**

This program will focus on tobacco's role in two major health crises: E-cigarette or Vaping Use-Associated Lung Injury (EVALI) and COVID-19 infection. An overview of legislative changes regarding tobacco and opportunities to mitigate such public health disasters will be presented. Issues of equity and inclusion related to tobacco use and exposure will be highlighted.

- 9:00AM **Welcome and Overview**  
*Moderators: Rachel Boykan, MD, FAAP; Susan Walley, MD, FAAP*
- 9:05AM **EVALI: Putting the Vaping Epidemic Front and Center**
