

VH1358 Section on Hospital Medicine Program

Providing Care to Hospitalized Children From Diverse Backgrounds

Sunday, October 10

1:00PM – 5:00PM CDT

This program will focus on providing care to children of diverse backgrounds with the goal of ensuring that pediatric hospitalists are communicating and tailoring care to the needs of each patient. The keynote lecture will focus on how we can safely care for children of the LGBTQ community during hospitalization.

- 1:00PM **Welcome and Presentation of the PHM Abstract Research Award**
Moderator: Nicola Orlov, MD, FAAP; Samantha House, DO, MPH, FAAP
Award Recipient: Juliann Lipps Kim, MD, FAAP
