

## **VH1370 Council on Early Childhood Education Program**

### **Continuity, Caring, and Connections: Role of the Pediatric Medical Home in Promoting Early Childhood Development**

**Sunday, October 10**

**4:00PM – 7:00PM CDT**

This program will discuss the impact of the parenting environment on child health and how to promote positive parenting behaviors and early child development in the clinical setting. Attendees also will learn about a free, online curriculum for resident education on this topic and free, online multimedia resources for families.
