SEW LOKA

Sew Loka is a Chicana textile art studio and sustainable fashion brand rooted in Barrio Logan, San Diego. We create original upcycled and reworked garments, one-of-a-kind tote bags, zipper pouches, and wearable art pieces – all made from reclaimed and repurposed fabrics. Each piece is handcrafted in our studio and reflects our commitment to slow fashion, cultural identity, and sustainability. We transform 'waste' into 'WOW'.

WORTHY PICKS

Worthy Picks offers a curated selection of eco-friendly products, specializing in bamboo and organic cotton, to inspire a more sustainable lifestyle. We believe big change starts small, and we all play a part. So much of the plastic in our homes comes from the everyday things we buy to feed and care for our families. Worthy Picks helps our customers swap those out for natural materials, building small, lasting habits that add up to real care for our environment.
