

## Monday, October 28

8:00AM – 1:15PM

### C4016 Advanced Point-Of-Care Ultrasound-Guided Resuscitation: Precision Care for the Critically Ill Child

Advanced participants will be instructed on integrating point-of-care ultrasound into the care and management of the acutely ill or injured child through hands-on teaching and interactive discussions. Topics include ultrasound guidance to narrow the differential diagnosis, improve resuscitative strategies, increase procedural safety, and improve the quality and efficiency of care.

*Course Director: Adam Sivitz, MD, FAAP*

*Hands-On Instructors: Ted Brenkert, MD; Marsha Elkhunovich, MD; Margaret Lin, MD; Danielle Paulin, DO, MA, FAAP*

8:00AM	<b>Welcome and Introductions</b> <i>Adam Sivitz, MD, FAAP</i>
8:10AM	<b>Point-of-Care Ultrasound and Beyond</b> <i>Erika Constantine, MD, FAAP</i>
8:25AM	<b>Hands-On Rotation #1</b> <i>Hands-On Instructors</i>
9:05AM	<b>Hands-On Rotation #2</b> <i>Hands-On Instructors</i>
9:45AM	<b>Break</b>
9:55AM	<b>Hands-On Rotation #3</b> <i>Hands-On Instructors</i>
10:35AM	<b>Hands-On Rotation #4</b> <i>Hands-On Instructors</i>
11:05AM	<b>Case Presentations/Panel Discussion</b> <i>Aaron Kornblith, MD; Beth D'Amico, MD, FAAP</i>
12:05PM	<b>Break</b>
12:15PM	<b>Hands-On Rotation #5</b> <i>Hands-On Instructors</i>
1:00PM	<b>Feedback and Evaluation</b>
1:15PM	<b>Adjourn</b>
