

## Saturday, October 26

7:15AM – 2:00PM

### H2008 Section on Surgery Program: Day 2

This program will include scientific sessions with abstract presentations on clinical and basic science research, oral poster presentations, and the section's business meeting. Afterwards, the section will host a joint program with the Sections on Emergency Medicine, Neurosurgery, and Surgery on mental health, gun violence, and informed advocacy. An advocacy workshop will follow.
