

## Saturday, October 26

8:00AM – 11:00AM

### H2021 Joint Program: Section on Child Death Review, Council on Community Pediatrics, Section on Allergy and Immunology, and Section on Pediatric Pulmonology and Sleep Medicine

Preventing Tragedy: Sudden Death From Asthma

The death of a child from asthma is preventable if children are identified and barriers to care are addressed. This session will help pediatricians identify actionable risk factors in their patients with asthma and strategies to prevent asthma deaths in their communities.

8:00AM	<b>Welcome</b> <i>Moderator: Howard Needelman, MD, FAAP</i>
8:10AM	<b>Medical Risk Factors for Asthma Fatality</b> <i>Elizabeth Matsui, MD, FAAP</i>
9:00AM	<b>Leveraging Communities to Reduce Asthma-Related Deaths</b> <i>Michael Schechter MD, MPH, FAAP</i>
