

## Saturday, October 26

8:00AM – 1:30PM

### H2023 Joint Program: Section on International Child Health and Section on Breastfeeding

Global Lessons to Improve Nutrition in the First 1,000 days

During this joint program, the latest evidence and guidelines regarding nutrition and feeding in the first 1,000 days that optimize childhood health and development will be presented. Experts will present revised Baby-Friendly guidelines from the World Health Organization, nutritional assessment tools, and challenges faced during disasters.
