

Sunday, October 27

9:00AM – 1:30PM

H3090 Section on Senior Members Program

Are You Informed?

Senior pediatricians will learn about recommended adult vaccines immunizations, which are crucial especially for parents, grandparents, and child care providers who have close contact with infants. Attendees also will hear about proposed immigration rules, issues around global health education and research efforts, and how to speak up for children.
