

C3002 Neonatal Resuscitation Program: 2020 Current Issues

Sunday, October 4
9:00AM – 1:00PM CDT

This live session will highlight the science behind the Neonatal Resuscitation Program (NRP) as well as the vital role of ongoing instructor development in cultivating and supporting NRP clinical practitioners. Participants will have the opportunity to interact with NRP Steering Committee members and ask questions regarding educational principles, science, and course administration.

9:00AM	Welcome <i>Henry Lee, MD, FAAP; Tina Leone, MD, FAAP</i>
