

H3200 Section on Hospital Medicine Program Common Topics for Pediatric Hospital Medicine Practice

Sunday, October 4
10:00AM - 2:30PM CDT

State-of-the-art management of common medical conditions encountered in daily pediatric hospital medicine practice will be discussed. A session on billing and utilization review will explore the two sides of the practice. A keynote lecture on vaping and e-cigarettes will be presented as the Laura Mirkinson Annual Lecture.
