Culturally Informed Care of Individuals With Disabilities: Reducing Disparities and Unconscious Bias in Your Practice

Sunday, October 4
3:00PM – 5:30PM CDT

Limited access to and lack of diversity in the developmental-behavioral pediatrics workforce increase the risk for health disparities in patients with developmental and behavioral conditions. This live session will include interactive learning about unconscious bias and health care disparities, particularly in individuals with disabilities and additional marginalization.

3:00PM	Welcome <i>Moderator: David Childers Jr, MD, FAAP</i>
