

H4001 Section on Emergency Medicine Program: Day 2

Monday, October 5
8:00AM – 12:45PM CDT

This program will include lectures to advance clinical practice and patient advocacy. Topics will include how social determinants of health impact child health outcomes and emergency department utilization; emerging infections; and the intersection of substance use and child sex trafficking. Point-of-care ultrasound education during a pandemic also will be provided.

Moderator: Javier Gonzalez del Rey, MD, MEd, FAAP
