

# American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

## **Disclosure of Commercial Support for AAP CME Activities**

The AAP gratefully acknowledges support for the 2021 Virtual National Conference & Exhibition in the form of educational grants from Pfizer Inc., Abbott Nutrition, Reckitt Mead Johnson, and American Board of Pediatrics

## **Disclosure of Financial Relationships and Resolution of Conflicts of Interest for AAP CME Activities Grid**

The AAP CME/CPD program develops, maintains, and improves the competence, skills, and professional performance of pediatricians and pediatric healthcare professionals by providing quality, relevant, accessible, and effective educational experiences that address gaps in professional practice. The AAP CME/CPD program strives to meet the educational needs of pediatricians and pediatric healthcare professionals and support their lifelong learning with a goal of improving care for children and families. (AAP CME/CPD Program Mission Statement, May 2015)

The AAP recognizes that there are a variety of financial relationships between individuals and commercial interests that require review to identify possible conflicts of interest in a CME activity. The "AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest for AAP CME Activities" is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities by identifying and resolving all potential conflicts of interest prior to the confirmation of service of those in a position to influence and/or control CME content. The AAP has taken steps to resolve any potential conflicts of interest.

All AAP CME activities will strictly adhere to the Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support: Standards to Ensure the Independence of CME Activities. In accordance with these Standards, the following decisions will be made free of the control of a commercial interest: identification of CME needs, determination of educational objectives, selection and presentation of content, selection of all persons and organizations that will be in a position to control the content, selection of educational methods, and evaluation of the CME activity.

The purpose of this policy is to ensure all potential conflicts of interest are identified and mechanisms to resolve them prior to the CME activity are implemented in ways that are consistent with the public good. The AAP is committed to providing learners with commercially unbiased CME activities.

All 2021 National Conference conflict of interest disclosures will be available in advance of October 8th, 2021. Please note, there may be discrepancies in the provided list of disclosures compared to faculty/participant verbal disclosures in the session due to changes or relevance.

This activity may discuss or demonstrate pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical. Individual faculty/participants will note when "off-label" use is being presented.

### **DISCLOSURE OF FINANCIAL RELATIONSHIPS**

All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that the individual either has no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. Listed below are the disclosures provided by individuals in a position to influence and/or control CME activity content.

\* A commercial interest is defined as any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients.

| Name                   | Role           | Relevant Financial Relationship<br>(Please indicate Yes or No) | Name of Commercial Interest(s)*<br>Please list name(s) of entity<br><b>AND</b><br>Nature of Relevant Financial Relationship(s)<br><br>(Please list: Research Grant, Speaker's Bureau, Stock/Bonds excluding mutual funds, Consultant, Other - identify) |
